## teramo 2610 Dressing Table

Thank you for purchasing this teramo dressing table. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product. Installation shall be carried out exactly according to the manufacturers instructions, otherwise a safety risk can occur if incorrectly installed.

**WARNING:** In order to prevent overturning this product must be used with the wall attachment device provided.

This item is **HEAVY**

**Necessary Tools**

### **Pre-assembly preparation**

Please ensure instructions are read in full before attempting to assemble this product

Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product.

This product takes approximately **30 MINUTES** to assemble with **2 PEOPLE**.

The fittings pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

## Fittings and parts checklist

A	Top & Drawer box x 1	G	Brackets x 2	
B	Left leg x 1	H	Strap x 1	
C	Right leg x 1	I	Screws x 1	
D	Left mirror support x 1	J	Wedge x 2	
E	Right mirror support x 1	K	M6*30 Bolt x 12	
F	Mirror x 1	L	Allen key x 1	

# Step by step assembly instructions

1. Take the drawer out of the drawer box(A) unit as shown below.

2. Attach the left leg(B) and right leg(C) onto the drawer box unit(A) using M6\*30 bolt(K) 8pcs as shown below.

3. Attach the left mirror support(D) and right mirror support(E) onto the drawer box unit(A) using the 4pcs M6\*30 bolt(K) as shown below.

4. Put the mirror(F) onto the mirror supports(D&E) as shown below.

Rotate the dials on the support rial to adjust the mirror angle.

5. Put back 2pcs drawers into the drawer box unit (A) and assembly steps finished.

## Wall fixing - if in doubt seek professional advice

### Wood

If fixing to wood make sure that it isn't chipboard as screws can easily pull away from the core structure

### Brick or Masonry

Use an appropriate wall plug provided you are sure your wall is sound

### Cavity wall

Special toggle wall plugs are needed. Seek expert advice

6. See fig 1 below. Screw one of the brackets on to the back of the table in the middle, using the short screws provided. Make sure the TOP OF THE BRACKET IS BELOW the top of the table. Position the table against the wall where you want it to go, place the second bracket onto the wall below the one fixed to the table and mark where the holes come on the wall. Move the table away from the wall.
7. Attach the wall bracket **using screws suitable for your type of wall**, see **Wall fixings** above.
8. Place the dressing table back against the wall so the two brackets match up and tie them together with the plastic strap provided. The plates need not match exactly, but the plastic tie must go through each plate. Close the strap, but do not over tighten it. See diagrams below.

9. If the dressing table is not level on your floor, use the wedges provided. Snap them off so they do not protrude out from the table legs. You can also snap them lengthways.
